Context Clues - Teach with Tech The meaning of a word can often be gleaned from clues in the surrounding context. What comes before and after a new word can reveal its meaning, structure, and use. These strategies can help students meet standards related to vocabulary acquisition and word use.

Context Clues - Teach with Tech | Power Up What Works

The first context clues fall into the category of illustrations, examples, or explanations of the word. This may seem overly simple, but difficult words are often followed by information the writer uses to explain the word's meaning. Look for words like "such as," "including," "for instance," and "like."

Using Context Clues | Reading Comprehension [Video]

Context clues can help you discover the meaning of a word when you look at the text preceding and following the word in question. In the sentence, "Sandra's demure nature made her popular with parents, teachers, and authority figures of all types," it may be concluded that demure means modest, reserved, or well-behaved.
